Soccer Vision Academy Project24

MISSION OF PROJECT24

Soccer Vision Academy is in the process of launching its PROJECT24. The goal is to start this program in August 2010. This will entail recruiting 24 of some of the best 6 and 7 year-old boys and girls. The goal will be to have 12 boys and 12 girls in each group. The players who are chosen will train once a week at a designated site and from time to time will be exposed to various mediums to enhance their technique and skill set.

GOAL OF PROJECT24

The goal of PROJECT24 is to become a grass root program that is designed to provide the platform to hopefully develop young players in the Mahoning Valley area. To achieve this, we will place these kids into the right learning environment where they can fully develop as soccer players while having fun.

Soccer Vision Academy Project24

BENEFITS TO BEING A PART OF PROJECT24

1. The players will be exposed to a soccer environment they have never seen before.
2. The players will train with highly qualified professional coaches.
3. From time to time the players will also be exposed to some of SVA's top young coaches who have been through the academy as former players and are now either playing at the collegiate level or presently coaching.
4. The parents of the players will be constantly educated on the game, vision and goals of the academy.
5. The players will have the opportunity to develop into elite players in the future.
6. The players have the opportunity to play in the Co-ed league as well as internal 4v4 tournaments.
7. Reduced cost to all future SVA camps.
